An Amazing Vision

"And it shall be in the last days," God says, "that I will pour forth My Spirit on all mankind; and your sons and daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams; even on My bond slaves, both men and women, I will in those days pour fourth of My Spirit, and they shall prophesy" (Acts 2:17).

God promised that in the last days He would pour out His Spirit. The result would be prophecies, visions and dreams, given to both men and women, young and old.

The trouble is, these days there are so many self-proclaimed prophets, false prophecies and visions, that we are tempted to just discredit the whole idea. I must admit that I am skeptical of at least 95% of the prophecies that I hear or read. They don't sound like God to me. They sound more like people who are trying to sound like God. And neither does the label of "bond slaves" (the kind of people that God promised to give prophecies, visions and dreams) seem to fit many of those who are trying to sound like God.

That being said, if God is going to keep His promise, quoted from Joel by Peter on the day of Pentecost, we can't ignore every prophecy or vision. There might just be something from which we could benefit. Thus, we should "not despise prophetic utterances, but examine everything carefully, and hold fast to that which is good" (1 Thes. 5:20-21).

Below is the report of a vision that was simultaneously given to seven young people in Colombia during a prayer meeting at a time when they were all very new Christians. They all saw and heard the same things at the same time. In their simultaneous vision, they were taken to hell and heaven. Their descriptions of what they saw in hell are terrifying. And

their account of what they saw in heaven is inspiring. I'll let you judge for yourself if the vision is genuine. I've judged it to be genuine, in part, because of its emphasis on holiness.

I was also fascinated that much of what these Colombian young people described about heaven and hell was similar to what was described to me by a Nigerian man whom I interviewed a few years ago. He had died in a car accident and gone to hell. His name was Daniel Ekechukwu, and he was dead for about two days (his body was kept in a morgue) until he was resurrected through his wife's incredible faith. I not only had the privilege of interviewing Daniel, but also his wife, the doctor who declared him dead, and the mortician who temporarily stored his body. If you are interested, you can read my account of that at ShepherdServe.org under "Supernatural Things." If one message about hell comes through loud and clear in Daniel Ekechukwu's and these seven young Colombian Christians' testimonies it is this: "God is not mocked; whatever a man sows, this he will also reap" (Gal. 6:7) and, "God will render to each person according to his deeds" (Rom. 2:6).

The vision, as it is described below by six of the seven young people from their own public testimonies (translated from Spanish) is thought-provoking to say the least. Make sure that you don't just read their vision of hell, but also of heaven! But don't skip over the part about hell! Read the whole thing!

First Testimony

The word of God says in Luke 16: There was a rich man that dressed in purple and fine linen, who enjoyed luxurious living every day. In front of his gate a beggar named Lazarus was placed, covered with sores, and hungering to be fed crumbs that fell from the rich man's table. Even the dogs came and licked his sores.

The beggar died and was carried by the angels to Abraham's bosom. The rich man also died and was buried, and while suffering tortures in Hades, he looked up and from a distance saw Abraham with Lazarus in his bosom. So he called out, Father Abraham, take pity on me and send Lazarus to dip his finger tip in water and cool my tongue, for I am tormented in this fire.

But Abraham said, Son, remember that you enjoyed the good things in your lifetime while Lazarus had the bad things; now he is being comforted here but you are suffering anguish. Besides, there is a great chasm fixed between you and us, so that those who want to cross from here to you are unable; neither can they cross from your side to us.

The Bible, the Word of God, is very clear about the subject of Heaven and Hell. In this portion that we have just read, the Lord tells us about two places: Heaven and Hell, condemnation or salvation. There is no intermediate place. Purgatory does not exist. Limbo does not exist—where men supposedly exist for awhile after they have departed from the earth and then go to heaven. The Bible is very clear about that.

God gave us a revelation that would change the trajectory of our lives. We had just begun

to know about God and His Word. We are seven youth to whom God has given the privilege and great responsibility to share this revelation with the world.

Everything started about approximately 10:00 AM. We were praying and we had prepared that day to go out and picnic. Suddenly a very powerful white light shone through one of the windows in the room. When that light appeared, all of us started to immediately speak in tongues, and we were baptized with the Holy Spirit. In that moment, all of us were astonished and fascinated with what we saw.

That glorious light was lighting the entire room where we were. It was a light that was much stronger than the light of the sun, and in the middle of that light we saw a host of angels dressed in white. Those angels were so beautiful, tall, and very good looking. In the middle of all those angels we saw something amazing—the figure of a Man. This image was a special being. A man who was dressed in a very white mantle and robes. His hair was like gold threads. We could not see His face because it was too brilliant. However, we saw a golden belt around His chest, and that belt had written in gold these words: "King of Kings and Lord of Lords." He was wearing pure gold sandals on His feet, and His beauty was without equal.

When we saw the presence of that Man, all of us fell to our knees. We then started to hear His voice; this voice was very special and wonderful. Every word drilled in our hearts like a double-edged sword; just like it is written in the word of God (Heb. 4:12). He spoke to us in very simple but powerful words. We could hear Him audibly saying to us, "My little children, don't be afraid, I am Jesus of Nazareth, and I have visited you to show you a mystery so you can show and tell to towns, nations, cities, churches, and all places. Where I tell you to go, you will go, and where I tell you not to go, you will not go.

In that same moment, something strange happened. A rock appeared in the middle of the room, and the Lord, who was with us, made us get on that rock. The rock was about eight inches above the floor, and in the floor a huge hole appeared. It was a black, giant, and terrifying hollow or cavern. In a moment, we started to fall on top of the rock and down through that hollow in the floor. It was dark, and it led us to the center of the earth. We fell in that gloomy darkness, and we were so scared! We were so afraid that we said to the Lord, "Lord, we don't want to go to that place! Don't take us to that place Lord! Take us out of here Lord!" The Lord answered us with a very beautiful and compassionate voice, "This experience is necessary so you can see and tell others."

Inside this horn-shaped tunnel, we started to see shadows, demons and figures that moved from one place to another. Moment by moment, we went deeper and deeper down. We started to feel emptiness and great fear in just a matter of seconds. We arrived at some caverns, to some horrible doors, like labyrinths. We didn't want to go inside there. We started to notice a terrible smell and a heat that choked us. Once we entered that place, we started to see terrible things, very frightful images. The entire place was engulfed in flames; and in the middle of these flames, the bodies of thousands of people were suffering in great torment. The sight was so horrifying, we just didn't want to see what was shown to us.

We could see that the place was divided into different sections of torment and suffering. One of the first sections that the Lord allowed us to see was the "Valley of the Cauldrons" as we called it; and it was millions of cauldrons. The cauldrons were inlaid at the level of the ground; each of them was burning with lava inside. Inside each of them there was a soul of a person who had died and gone to hell. As soon as those souls saw the Lord, they started to shout and say, "Lord, have mercy on us! Lord, give me a chance to get out of this place! Lord, take me out and I will tell the world that this place is real!" The Lord didn't even look at them.

There were millions of men, women and young people in that place. We also saw homosexuals and drunkards in torment. We saw all of these people shouting in such great torment.

Something that shocked us was seeing how their bodies were destroyed. Worms were coming in and out their empty eye sockets, mouths, and ears, and were penetrating the skin through all their bodies. This fulfills the word of God written in the book of Isaiah 66:24: *"They shall go forth; they shall gaze upon the dead bodies of those who have rebelled against Me; for their worm shall not die, nor shall their fire be quenched; they shall be an abhorrence to all mankind."* Further, in the book of Mark 9:44 we read, *"Where their worm never ceases and the fire is not put out."*

In that moment, we were just horrified of what we were watching. We saw flames about 9 to 12 feet high. Within each of those flames, resides the soul of a person who has died and had arrived in hell.

The Lord allowed us to see a man who was inside of one of those cauldrons. He was upside down and the flesh of his face was falling in pieces. He remained watching the Lord intently; and then the man started to shout and call on the name of Jesus. He said, "Lord, have mercy! Lord, give me a chance! Lord, take me out of this place!" But the Lord Jesus didn't want to look at him. Jesus simply turned his back on him.

When Jesus did this, the man started to curse and to blaspheme the Lord. This man was John Lennon, the member of the music group, "The Beatles." John Lennon was a man who mocked and made fun of the Lord during his life. He said that the Christianity was going to disappear and Jesus Christ would be forgotten by everyone. However, today this man is in hell and Jesus Christ is alive!! Christianity hasn't disappeared either. [Note: To read about John Lennon's conversion to Christ and his ultimate conversion back to Satan, see www.christianitytoday.com/ct/2007/januaryweb-only/001-22.0.html —David]

As we started to walk on the edges of that place, the souls extended their hands to us and begged for mercy. They asked Jesus to take them out of there, but the Lord would never even look at them. We then started going through different sections, specifically, the most terrible section of hell. This place is where the worse torments happen, the center of hell. These are the most concentrated forms of torment; such torments that a human being could never express them.

The only people there were those who knew Jesus and the Word of God. There were pastors, evangelists, missionaries, and all types of people who had once accepted Jesus and knew the truth but lived a double life. There were also backsliders. They were suffering one thousand times worse than any one else. These were shouting and begging the Lord for mercy, but the word of the Lord says in the book of Hebrews 10:26, "For if we go on sinning wilfully after acquiring the knowledge of the truth, there is no longer left any sacrifice for sins, but some dreadful anticipation of judgment and of a fierce fire that is to devour those who oppose God."

[Jesus also said, *"And that slave who knew his master's will and did not get ready or act in accord with his will, will receive many lashes, but the one who did not know it, and committed deeds worthy of a flogging, will receive but few. From everyone who has been given much, much will be required; and to whom they entrusted much, of him they will ask all the more"* (Luke 12:47-48)—David]

Those souls were there because they preached, fasted, sung, and lifted their hands in the church but in the streets and in their homes they were in adultery, fornication, lying, and committing robberies. We cannot lie to God. The Bible says that he to whom much has been given much also will be required. There, God allowed us to see two women that had been Christian sisters on the earth, but those sisters hadn't lived a righteous life before the Lord. One said to the other, "You cursed wretch! It's your fault that I am in this place! You didn't preach to me a holy gospel! And because you didn't tell me about the truth, I am now here in hell!"

They would say these things to each other in the midst of the flames, and they hated each other because there is no love, mercy, or forgiveness in hell. There were thousands of souls who had known the Word of God, but their lives hadn't been clean before the holy presence of the Lord. You cannot play with God or with the flames of the hell either!" the Lord said. He also told us "My sons, all the suffering on the earth concentrated in just one place is nothing, NOTHING compared with the suffering that a the person has in the best parts of hell."

If it is that terrible for those who suffer *least* in hell, how much worse must it be for those in the center of hell, who once knew the Word of the Lord and walked away from it. At this time, the Lord also told us that we that we could play with the fire on the earth, but never with the fire in hell.

We continued walking through different places and the Lord showed us many different people. We could see that all the people there had approximately six different type of torments. There, the souls were tormented by demons with all types of punishments.

Another terrible punishment was their own conscience that told them, "Remember when they preached to you...remember when you heard the Word of God...remember when they told you about hell and you laughed about it!" Their own consciences were a big torment for them, just like the worms crossing all over their bodies and like the consuming fire that is thousands and thousands times more hot than we know. That is the reward that the devil

has for all those who seek him and for all those who follow him.

The Word of the Lord says in Revelation 21:8, *"As for the cowardly, however, and the unbelieving, and the fearful, the murderers, the immoral, those practicing magic arts, and idolaters, and all liars—their lot is in the lake that burns with fire and sulfur. This is the second death."*

Next, the Lord allowed us to see a man who had murdered six people. These six people now surrounded him, and were shouting at him saying, "It is your fault that we are all in this place, YOUR FAULT!" The murderer tried to cover his ears because he didn't want to listen to them, but he could not avoid listening since in hell all your senses are much more sensitive.

Also, the souls there were tormented with an intolerable thirst for water that ca not be satisfied in any way, like the rich man of the story in the Bible that says only one single drop of water would have been enough. The Word of the Lord says in Isaiah 34:9, *"The streams of Edom shall be turned into pitch and her soil into brimstone; her land shall become burning pitch."*

There, in that place, all the souls were in the middle of the fire. People saw mirages of crystal-clear rivers in the middle of the fire, but when they tried to reach them, those rivers turned into fire. They also saw like trees with fruit that dispensed water; but when they tried to take them, they burned their hands and the demons ridiculed them.

From that place, God allowed us to go to a place much worse than the other places that we had seen. We saw the lake of fire and brimstone. On one of the sides of that lake there was a smaller lake. In that smaller lake, there were millions and millions and millions of souls crying and begging and begging the Lord to have mercy on them. They said to Him, "Lord, please! Take us out of here at least just a little moment! Please give me the chance to go out!!!" However, the Lord could not do anything for them because their judgment was already sealed.

In those millions and millions of people, the Lord allowed us to focus on a man whose body was half-way submerged in the lake of fire. The Lord let us understand and know his thoughts. The name of that man was Mark. The things this man said to himself in his thoughts amazed us. He taught us an eternal lesson with the following thoughts, "I would give anything to be in your place now! I would give anything to go back to the earth just for one minute. I wouldn't care if I were the most miserable, most sick, most hated, or the poorest man in the world, I would give anything to go back! Just for one minute on the earth."

The Lord Jesus was holding my hand and knew his thoughts. He replied to Mark's thoughts saying, "Mark, why would you like to come back to the earth even for just one single minute?" With a crying and tormented voice, he told Him, "Lord! I would give anything to go back to the earth just for one single minute simply to repent and be saved." When the Lord heard what Mark had said, I saw that from Jesus' wounds came out blood,

and tears filled his eyes as he said to the man, "Mark, it is too late for you! Worms are set for your bed and worms will cover you." When the Lord said those words to him, then he sank in the lake forever. Sadly, all those souls have no more hope. Only we have the chance today to repent and go to heaven with our Lord Jesus Christ.

I will leave you with my sister to continue with this testimony, thank you.

Second Testimony

God bless you dear beloved brothers. Let's read the Word of the Lord in the Psalms 18:
"He bowed the heavens and came down; thick darkness was under His feet."

When the Lord reached for my hand, I grabbed His hand and then we started to descend in that tunnel. The tunnel grew darker and darker to the point that I could not even see my other hand that wasn't holding onto the Lord's hand. Suddenly, we started to pass something dark and sparkling, something that was making noise. The darkness was so dense, you could not find the walls of the tunnel with your hands. We continued to descend at such a high speed that I felt like my own soul was separating from my body. As we continued downward, I started to notice a very rotten smell, like the smell of rotten flesh. Each moment the smell was getting much worse.

Suddenly, I started to hear the voices of millions and millions endlessly shouting, crying out, and moaning. I then turned to the Lord, because I was so frightened, and I said, "Lord, where are you taking me? Lord, have mercy on me! Please have mercy on me!" The Lord only said, "It is necessary that you see this, so you can tell everyone else."

We continued to go down through this horn-shaped tunnel until we arrived at this place. This place was entirely dark. Like pulling a heavy curtain from my eyes, I started to see millions and millions of flames. Even worse, I could hear these agonizing screams but I couldn't see anyone, so I started to be really scared. I said to the Lord, "Oh please Lord, have mercy on me! Oh please Lord, have mercy on me! Don't take me to this place! Forgive me!" At that moment, I didn't think that I was just a spectator in hell, I thought it was the day of reckoning. As I was standing before the Lord Jesus, I was shaking violently because I really thought this was the end of my life.

We drew even closer to a big flame ahead of us; it was huge and burning with fury. I continued going down slowly, seeing multitudes of flames and hearing millions of souls crying with one voice. Then I saw a wooden table that was not consumed by the fire. On this table rested a bunch of bottles that resembled beer bottles. They looked refreshing, but they were full of fire. As I was looking at this, suddenly a man appeared. His flesh was almost completely destroyed. What was left of his clothes were muddy and burning as well. He had already lost his eyes, mouth, and all his hair from the fire. This man could see me there despite the fact that he had no eyes.

That is why I tell you now, it is the soul of a person that thinks, reasons, and truly sees; not your natural body. The man extended his skinny hand towards the Lord and started to cry

out, saying, "Lord, have mercy on me! Lord, have mercy on me! I am in pain! I am burning! Please have mercy and take me out of this place!" The Lord looked at him with pity, and I started to feel something warm in my hand. As I looked, it was blood... Jesus' Blood! It was the blood of the Lord that came from His hand while He was watching this man engulfed in flames and suffering.

And in that moment, the man turned his gaze in the direction of the table and walked towards the bottles. His hand reached for the bottle, and as he was about to drink from it, fire and smoke shot out of the bottle. He put his head back and screamed like I have never heard before. He cried with great pain and sorrow, then he started to drink what was in this bottle. However, the bottle was filled with acid and his throat was totally destroyed by it. You could see how this acid was passing through his stomach hurting him.

On the forehead of this man, was a number that was engraved in his skin. It was the number 666. His chest had a plate made of an unknown metallic material that couldn't be destroyed by anything, not even the heat or the worms. Nothing could destroy this metal. On it was written something in letters that we could not understand, but the Lord in His great mercy gave us an interpretation of what was written. It was this, "I am here because I am a drunkard." He begged the Lord for mercy, but the Word of God is very clear when it tell us in 1 Corinthians 6:10, *"Neither thieves, nor the avaricious, nor drunkards, nor slanders, nor robbers will inherit the kingdom of God."*

The Lord led me to see this man's last moments on earth. Like a movie or film, the last moments of this man's life appeared. It was like a big television screen showing me his last seconds before death. This man's name was Luis, and he was in a bar drinking. I saw the same table and the same bottles in that bar, and around this table were his friends. I can tell you this now, there is only ONE TRUE FRIEND, and his name is JESUS CHRIST. He is the faithful friend. Luis was there was drinking and his friends were already drunk. His best friend took a bottle and broke it, then he started stabbing Luis. When he saw Luis lying on the floor he ran away, but Luis bled to death on the floor. The saddest thing is that he died without the Lord.

In the middle of all this, as all those souls in hell were crying out, I asked the Lord, "Oh Lord, please tell me, did this man know about you? Did he know about your salvation?" And the Lord sadly replied, "Yes Lupe, he knew about me. He accepted me as his personal savior, but he did not serve me." Then, I felt even more fear. Then, Luis cried louder and shouted, "Lord, this hurts! This hurts! Please have mercy on me!" He extended his hand again towards the Lord, but the Lord took my hand instead and we started to walk away from the flame. The flames started consuming Luis more violently, and he cried louder, "Have mercy on me! Have mercy on me!!" He was then lost in the flames.

Jesus and I continued walking in this place. This place was just so huge! It was scary! We walked until we approached another flame. I said to the Lord, "Lord, no! Please I don't want to see anymore of this! I beg you to forgive me! Please forgive me! I don't want to see this!" So I closed my eyes, but it didn't matter if I had them open or closed because I still could see everything.

This flame started to go down slowly and I began to see a woman. She was covered with mud, and the mud was full of worms. She had very few hairs left, and it was caked with worm-infested mud. On top of that, she was consumed by worms all around and she shouted, "Lord, have mercy on me! Lord, have mercy on me and forgive me! Look at me! This hurts! Have mercy on me! Take away these worms! Take me out of this torment because it hurts so much!"

The Lord just simply looked at her with great sorrow. I could tell because as we held His hand, we could feel the pain and sorrow in the Lord's heart as He saw all the lost souls, burning in the flames of hell for all eternity. This woman had no eyes or lips, but she could still see and feel; all the pain was just stronger. She had a bottle in her hands, full of acid, but she believed it was perfume. However, I could see that it was acid and every time she sprayed it on her body, it burned her. Nevertheless, she still kept applying this acid on her body over and over. She kept saying that it was an expensive perfume.

She also believed that she was wearing a beautiful necklace, but all I saw were serpents wrapped around her neck. She believed that she was wearing very expensive bracelets, but I saw that they were worms about a foot long just digging furiously into her bones. This woman said that her jewelry was all she had. I saw scorpions and worms all over her body; and the metal plate that everyone wears in hell, said, "I am here for robbery."

This woman had no remorse for her sin. Then the Lord asked her, "Magdalena, why are you in this place?" She answered, "It didn't bother me to steal from others. The only thing I cared about was having my jewelry and getting more expensive perfumes. I didn't care who I robbed, as long as I looked good."

I held onto the hand of Christ as I saw the worms burrow through her entire body. Magdalena then turned around looking for something. I asked the Lord once more, "Lord, did this person know about you?" And the Lord answered, "Yes, this person knew about me." Magdalena started to look around, saying, "Lord, where is that woman who talked to me about you? Where is she? I have been 15 years in hell."

Since all people in hell can remember everything, Magdalena kept asking "Where is this woman? I can't see her!" I knew that her body could not turn around because her flesh remained in the same position. She tried to turn and look into other flames, trying to find that woman who talked to her about God. Then, the Lord said to her, "No! No, Magdalena, she is not here. That woman that told you about Me is with Me in the Kingdom of Heaven."

When she heard this, she threw herself down in the flames and they burned her more and more. However, her metal plate condemned her as a thief. I want you to read in the Word of the Lord in Isaiah 3:24: *"It shall be, that instead of a sweet smell, there will be rotteness; instead of a girdle, a rope; instead of well-set hair, baldness; instead of a rich robe, a wrapping of sack-cloth; instead of beauty, a branding mark."*

We continued walking with the Lord. In the next moment, I saw a very big column filled with worms, and around that column was a slide made of red-hot metal. Also on this column was mounted a brightly-lit billboard that could be seen anywhere, saying, "Welcome all liars and gossipers." At the end of that slide, there was a small lagoon that was boiling and it looked like burning brimstone.

Then I saw a totally naked person coming down the slide. As this person slid, their skin was peeling off and sticking to the slide. As that person fell into the burning lagoon, their tongue expanded until it exploded and worms appeared in place of the tongue to begin their torment. The Word of God says in Psalm 73:18-19, *"Truly, Thou dost set them in slippery places; Thou dost make them tumble to ruin. How they are brought to desolation in a moment, wiped out, annihilated through terrors!"*

After that scene, we were taken back. I just want to tell you that hell and heaven are even more real than the physical world that we know. It is here where you decide what direction you want to go—to spend eternity with Jesus or to the burning hell. The Lord kept saying to us: "Without holiness no man will see me, without holiness no man will see me." That is why I tell you the same thing now, *"Without holiness you can not see the Lord"* (Heb. 12:14).

Third Testimony

Let's go to the Word of the Lord in Matthew 10:28: *"Do not be afraid of those who kill the body but cannot kill the soul; but rather fear Him who is able to destroy both soul and body in hell."*

Whenever a soul arrives in hell, that person acquires a body of death. The Lord Jesus took my hand and we began to go downwards through a very dark and very deep tunnel that led to the Earth's center. We arrived at a place where there were several doors to enter; one of those doors opened and we entered with the Lord. I would not let go of the Lord's hand, because I knew if I did, I would stay in hell forever.

We came inside through that door and the first thing I saw was an enormous wall where thousands of people hung from their heads by hooks, and shackles bound their hands to the wall. We also saw thousands and thousands of people standing in the midst of flames everywhere. We traveled and stood in front of one of those flames and it started to go down slowly. I could then see a person there. When the person started to talk, I recognized that it was a man. This man was wearing priest's garments, and the garments were totally filthy and shredded.

Worms were slithering inside and out all through and around this man's body. His body looked charred and consumed because of the fire. His eyes were plucked out and the flesh of his body was melting and dropping to the ground. After the flesh would all fall off, it would grow back and resume the same process.

When this man saw Jesus he said, "Lord, have mercy on me, have mercy on me! Please let me out of here just a moment! Just a minute!" This man had written in his chest a metal plate stating, "I am here for robbery." When Jesus came close, He asked this man, "What is your name?" The man answered, "Andrew, my name is Andrew, Lord." The Lord asked him, "How long you have been here?" Andrew answered, "I have been here for a very long time."

The man began to tell his story. He said he had the responsibility of collecting tithes and organizing monetary distribution to the poor in his Catholic church. However, he would steal the money instead. Then, the Lord, with eyes full of compassion, asked the man, "Andrew, have you ever heard the gospel?" And Andrew replied, "Yes Lord, there was one Christian woman that went to the church and she preached the gospel once, but I didn't want to accept it. I didn't want to believe it, but I believe it now! Now I believe that this is real! Please Lord take me out of here, at least just one moment!"

As he was saying this, the worms were crawling through his eye sockets, exiting his ears, and coming inside again through his mouth. He tried to pull them off with his hands but it was impossible. Andrew was shouting horribly and repeatedly begged God for mercy. He kept asking Jesus to take him out of that place. To make matters worse, demons were tormenting him by piercing him with their spears constantly.

These demons looked just like some dolls that we have here on earth called "The Jordanos." I saw those dolls in hell, but they were not dolls anymore; they were alive and they were demonic. They were about three feet tall and they had very sharp teeth. Blood came out of their mouths, and their eyes were completely red. They were stabbing Andrew with all their might, as well as all of those who were in those parts of hell.

The Lord continued to lead me further. I was seeing thousands of people there in torment. Every time these souls saw the Lord, they tried to reach Him with their skinny hands. I then noticed a woman who started to shout when she saw Jesus. She screamed, "Lord, please have mercy on me! Take me out of this place!" This woman was suffering a lot and she extended her hands towards the Lord. She kept begging Him to take her out of that place at least just one second.

This woman was totally naked and her body was covered with mud. Her hair was dirty and worms were slithering up and down her body. She tried to take them off with her hands, but every time she scraped some away they multiplied even more. These worms were about 6 to 8 inches long. The Word of the Lord says in Mark 9:44, "*Where their worm never ceases and the fire is not put out.*"

It was so terrible seeing this woman and hearing her cries as these worms were voraciously eating her flesh. She also had a metal plate embedded in her chest that could not be destroyed with the flames. It said, "I am here for fornication." In the same manner, this woman had to fornicate in hell with a very disgusting and fat snake. This snake had huge thorns around its body of about 6 to 8 inches long. This snake penetrated her private parts and traveled up her body to her throat.

When the snake entered this woman's body, she started to shout terribly, and begged the Lord more intensely to take her out of that place. She said to the Lord, "Lord, I am here for fornication, I have been here for seven years, since I died from AIDS. I had six lovers, and I am here for fornication." There in hell she had to do it over and over again. She had no rest day or night. She just had to suffer the same way all the time. This woman tried to extend her hands toward the Lord, but the Lord just told her, "Blanca, it is too late for you. Worms shall be your bed, and worms shall cover you." When the Lord said those words, a blanket of fire covered her, and I couldn't see her again.

We continued walking and watching the thousands and thousands of people in that place; young, grown, and elderly people were in that place of suffering and torment. We arrived in a place that looked like a big swimming pool of fire and there were thousands of men and women inside that pool. All of them had in their chest this metal plate that said: "I am here for not giving tithes and offerings."

When I saw that, I asked the Lord, "Lord, how can this be possible?, that people are here for this reason?" The Lord responded, "Yes, because these people thought that tithes and offerings were not important, when my Word shows it as a command...In the book of Malachi, it states in 3:8-9, *'Will a man rob God? Yet you are robbing Me. But you say, 'How have we robbed Thee?' In tithes and offerings. You are cursed with curse, for you are robbing Me, the whole nation of you.'*"

The Lord also told me that when His people withheld their tithes, the works of the Lord are stagnated and stopped, and the Gospel could not be preached anymore. People in that place suffered a thousand times more than the others because those people knew the Word of the Lord and disobeyed.

We continued walking and the Lord allowed me to see a man, from his waist to his head, and I started to have a vision of how that man died on Earth. His name was Rogelio, and he was in his car. A person got close to preach to him the gospel and gave him a Bible, but he ignored that person's warning and continued his way, without knowing that, a few minutes later, his car would crash and fall into a precipice to his death.

The moment he crashed, the Bible opened in the book of Revelation 21:8 that says, *"As for the cowardly, however, and the unbelieving, and the depraved, the murderers, the immoral, those practicing magic arts, and idolaters, and all liars—their lot is in the lake that burns with fire and sulfur. This is the second death."*

When Rogelio read this part of the Bible, he died and arrived in hell. He had only been there one month and he still had some flesh on his face. However, he was just suffering like everybody else. At first, he did not know why he was there, so I think that when the Christian got close to his car, it was the only and last chance for him to accept the Lord Jesus, the same way that many have had the opportunity to accept Him.

Today, I invite you to open your heart to Jesus. He alone is the way, the truth, the life. Only through Him we can be saved into the Kingdom of Heaven. The Lord also calls us to

follow His ways in holiness and honor. God bless you.

Fourth Testimony

God bless you brothers. The moment that the Lord took my hand, I could see that I was standing on a rock. I looked behind us and I saw an angel. And then we began to go down through that tunnel with incredible speed. In a flash, I turned and saw that the angel was not there any more, and I started to feel so afraid. I asked the Lord, "Lord, where is the angel? Why is he not here anymore?" The Lord answered me, "He cannot go where we are about to go."

We continued going down and then stopped abruptly like an elevator. I saw several tunnels, and we took the one that my sister Sandra spoke about. This was the one place where people were hanging off of hooks by their heads and had shackles on their wrists. I also saw that wall where the people were hanging off of; the wall seemed infinitely long, with millions of people hanging upon it.

These people had worms all over their bodies. I turned to look ahead of me and saw another wall that looked exactly the same and I said to the Lord, "Lord! There are so many people in this place!" Instantly, a scripture entered my mind that I did not recognize, and then the Lord told me, "Hell and Sheol are always hungry."

We left that place, and we arrived at another place that we called, "The Valley of the Cauldrons." These cauldrons were full of a boiling mud, and we started to get close to one of them. The first person that I observed was a woman. Her body floated and sank with the mud that was boiling, but when the Lord looked at her, she stopped moving and her body remained suspended in that mud about waist-level. The Lord looked at her and asked, "Woman, what is your name?" She answered, "My name is Rubiela."

I could see that this woman's hair was full of that boiling mud. Flesh was hanging from her bones that were already black because of the fire. Worms entered through the holes of her eyes, came out from her mouth, entered again through the nose and exited the ears. When the worms could not enter, they simply made a hole to enter the other parts of the body and caused indescribable pain in her. During her shouts, she said to the Lord, "Lord, please! Take me out of this place. Have mercy on me! I cannot continue like this any longer! Make it stop Lord! I cannot stand it any more! Please have mercy on me!"

The Lord asked the woman why she was there. She answered that she was there because of vanity, and it was the same words that were written on the metal plate that was on her chest. She had in her hand a bottle that looked like a normal bottle to me, but to her it appeared to be a very expensive perfume. Rubiela had to take the bottle and apply that acid on all her body. The moment she did that, all the flesh that touched that acid started to melt, and then it caused great pain for her. She shouted to the Lord and said, "Lord, please, have mercy on me! I cannot be here any longer! Just a single second, Lord."

I am not saying that it is a sin to use a perfume, but the Lord told us that the woman was

there because of her vanity. The Word of the Lord tells us in Deuteronomy 5:7, *"You shall not have other gods before me."*

That woman was there because her beauty, perfumes, and vanity were first place in her life. However, Jesus, the Lord, is King of kings and Lord of lords! He has to be the first one, the second, the third place in your life; that is why this woman was there. The Lord looked at her with sadness and told her, "Rubiela, it is too late for you, worms shall be your bed, and worms shall cover you." When the Lord said that, a blanket of fire covered her totally while her body consumed inside that cauldron and she suffered horrible pain.

We started to get far from that place and arrived to another place where there were giant doors. We got close to them and they opened for us. We could see that on the other side was a giant cavern. I looked up and I could see lights of different colors that were moving like a cloud of smoke. Suddenly, we started to hear music, salsa, ballenato, rock, and different kinds of popular music that people listen to on the radio.

Suddenly the Lord made a movement with His hand, and then we could see millions and millions of people who were hanging with chains in their hands, and were jumping wildly over the fire. The Lord looked at us and told us: "Look, these are the wages for the dancers." They had to jump wildly up and down to the beat of the music. If it was playing salsa, they had to jump to that beat. If it was playing other kind of music, they had to jump to that beat, and they never could stop jumping.

The worst of it all is not that they could not stop, but that their shoes were not normal; their shoes had six-inch spikes on the bottom of their shoes. They would always jump and pierce their feet without ever having a moment's rest. Whenever someone would try to stop, demons would come at once to stab them with spears cursed them saying, "Praise him! This is your kingdom now, Praise Satan! Praise him! You can't stop, praise him! Praise him! You have to praise him! You have to jump! You have to dance! You cannot stop one single second!"

Another terrible thing is that many of the people there were Christians who knew the Lord but they were in a night club when they died. Maybe many persons are wondering and asking themselves, "Where does it say in the Bible that it is wrong to dance?" In James 4:4, the Word of God says: *"Do you not realize, you adulteresses, that friendship with the world is enmity toward God? Therefore, whoever determines to be a friend of the world becomes God's enemy."*

Also, in 1 John 2:15-17: *"Neither love the world nor the things in the world. Whoever loves the world has not the Father's love in his heart, because everything in the world, the passions of the flesh, the desires of the eyes, and the proud display of life have their origin not from the Father but from the world. And the world with its lust passes away, but he who does the will of God remains forever."* Remember that the world will pass, all this will perish, but the one who does the will of God stands forever.

My friends and brothers, when we came out of this place, we saw something like bridges that divided hell into sections of different torments. We saw a spirit walking over a footbridge that looks just like a doll that we have seen on the Earth; we call them Treasure Trolls. They have different hair with different colors and they have the face of an old man and body of a kid; without sexual parts. Their eyes are full of evil.

This spirit had a spear in his hands, and he was walking pompously on that footbridge like a queen or like any pretty runway model. Every time it walked, it stabbed people who were down with his spear, and he cursed them saying, "Remember the day that you were outside of a Christian church and you did not want to come inside? Remember the day that they preached to you and you did not want to listen? Remember the day they gave a gospel tract to you and you threw it away?"

And the lost souls were trying to cover the flesh that was left in the place where they used to have ears, and replied to the demon, "Shut up! Shut up! Don't tell me anymore! I don't want to know more, shut up!" However, these types of spirits enjoyed doing that because of the pain they inflicted on the people.

We continued walking with the Lord, and when we were looking at a mass of people, we noticed a man shouting louder than the others who were burning there. This man was saying, "Father, Father, have mercy on me!" The Lord was not going to stop to look at this man, but when he heard the words "Father" he shook and turned around. Jesus looked at him and told him, "Father? You call me Father?, No, I am not your Father, and neither are you my son. If you were my son, you would be now with me in the Kingdom of Heaven. You are sons of your father the devil."

Immediately, a blanket of fire raised and covered his body totally. The Lord told us the story of this man's life on the earth. He told us that this man called Him Father because he had known Him. This was a man who went to church and had listened to God through His Word. He was a man who had received many promises of God.

When hearing this, we asked, "What happened Lord?? Why is he here then?" The Lord replied, "He was living a double life; he lived one way at home, and another at church. He thought in his heart, 'Well, there is no one that lives close to me, not the pastor or any other brother, so I can do whatever I want.' But he forgot that the eyes of the Lord are set on all our ways and that no one can lie or hide from the Lord."

The Word of the Lord tells us, *"Don't lie to yourselves—God can not be deceived. Because everything a man sows, the same he will reap."* This man was suffering one thousand times more than any other in the Hell; he was paying a double condemnation: one for his sins, and one for the fact that he thought that he could deceive the Lord.

People today are used to ranking the gravity of sins; they think that homosexuals, thieves, and murderers are greater sinners than liars or gossips, but in the eyes of the Lord, all these sins have the same weight and the same pay. And the Bible tells us, *"The wages of sin is death, the soul that sins will die."*

My friend and brother, I invite you now to accept Jesus' invitation. Jesus is extending His hand of mercy to your life if you repent. The Word of the Lord tells us that the one that changes his ways and repents will have mercy. It is much better to believe now than to wait and find out through experience later. God bless you.

Fifth Testimony

The Word of God tells us in the book of Romans 6:23, *"For the wages of sin is death, but the gift of God is eternal life in Christ Jesus our Lord."*

When we came down to that place, I started to feel the pain and the experience of being dead. I was very frightened by the things that I was watching. I realized there were many, many people in that place; all of them were shouting and crying out. We could see that this place was total darkness. With the presence of the Lord, this darkness started to disappear and we saw the souls of thousands and thousands of people crying out for help, and mercy; all of them cried out to the Lord to take them out of this place.

We felt great pain also because we knew that the Lord suffered tremendously whenever He saw the people. Many cried out to the Lord to take them out of that place just for a minute, just for a second. Each time, the Lord asked them, "Why do you want to go out?" The people would answer, "Because I want to be saved! I want to repent and be saved!" However, it was already too late for them.

Dear people who are listening to me now, now is the only opportunity to choose our eternal destination. You can either choose an eternal place of salvation, or an eternal place of condemnation.

We started to go down, and then I saw that the floor that we were walking on was being destroyed by fire, and we saw mud with flames coming out of it. There was also a terrible smell everywhere. We felt so upset and nauseous because of the smell and the shouts of all the people.

We then saw a man far from us who was in the burning mud waist deep. Whenever he would hold out his arms, the flesh from his bones would fall to the mud. We could see a grey mist inside of his skeleton and we asked the Lord what it was, since we could see it in every person in hell. The Lord told us that it was their souls that were trapped in that sin body; like it is written in Revelation 14:11: *"The smoke of their torture ascends for ever and ever, and the worshippers of the beast and of his image, as well as any one with the mark of his name, will enjoy no rest day or night."*

In that moment we began to understand many things that we had been ignoring on Earth. Most importantly, the message that was clearest is that our lives determine where we will spend our eternity.

We continued walking hand in hand with the Lord, and we realized the Hell had many different places that corresponded to various levels of torments. We arrived at a place

where there were many cells which contained tormented souls. The souls were tormented by many types of demons. The demons would curse those souls, saying, "You cursed wretch, praise Satan! Serve him like you did when you were on Earth!"

The souls suffered terribly with the torments consisting of the worms and the fire that consumed them like an acid over all their flesh. We could see specifically two men inside one prison cell. They both had daggers in their hands and they wounded each other. They would say to each other, "You cursed wretch! It is because of you that I am in this place! You made me come here because you blinded me to the truth and did not let me recognize the Lord! You did not let me receive Him! Many times I had the chance and you did not let me accept Him! That is why I am in this place of torment day and night!"

The Lord then gave us a vision of the lives of those two young men. We saw that one day they were out together in a bar, and they started to have an argument, and it led to a fight while they were already drunk. One of them took a broken bottle and the other pulled out a knife and they started to fight. They both fought until each was mortally wounded and died. Those two men were doomed to repeat that scenario forever, and they were tormented also with the memory that they had been best friends on the earth, like brothers in their love for each other.

I want to tell you today, that there is just one real friend, and His name is Jesus of Nazareth. He is the real friend. He is the faithful friend that is really with you in any moment.

We continued walking, and we saw a woman inside another cell who was rolling over in the mud. Her hair was all messed up and full of mud. We then saw that inside the same cell was a big and fat snake that started to move close to her and surrounded her body. It went inside of her starting with her lower parts. She was forced to have sexual contact with that snake.

In that place all the women and men that lived in fornication were forced to do it there again. However, in that place they had to do it with snakes that have six-inch striker pines on their bodies that destroyed her body every time the snake came inside. Then she cried out to the Lord and asked Him to stop it. She did not want to have that suffering any more. "Make it stop! I won't do it again! Please! Make it stop!" she begged to the Lord as that snake came inside and destroyed her body over and over again.

We tried to cover our ears to stop listening to this woman's cries but we could still hear her. We tried harder to cover our ears, but that did not help. We said the Lord, "Please Lord, we don't want to see and listen to this anymore! Please!" The Lord said to us: "It is necessary that you see this, so you can tell the rest, because my people are being destroyed, my people are ignoring the true salvation, the true road to the salvation."

We continued walking, and we started to see a giant lake, with thousand and thousands of people who were in the middle of flames. They waved their hands asking for help, but there were many demons that were flying over that place. These demons would use spears

with S-curved spearheads to hurt all the people who were burning in that lake, and the demons mocked and cursed them saying, "You cursed wretch! Now you must worship Satan! Praise him, praise him as you did when you were on the Earth!"

There were thousands and thousands of people. We were so scared, we felt that if we did not take the hand of the Lord, we would be left in that horrifying place. We were just so scared about the things that we were feeling in that moment.

We saw in the distance a man who was standing and was in very great pain and agony. On top of that, he had two demons that were flying over him and tormented him by digging their spears inside his body and taking out his ribs. They also made fun of him all the time. Even further, the Lord showed me that he had another torment of always worrying about the family whom he had left on the earth. This man didn't want his family to arrive in the same place of torment, but he was worried because he never gave them the message of salvation.

He was tormented because he remembered that they once had the chance to receive this message. It was a very important person who gave this message to his family, but they preferred to ignore it, and now he was worried about his sons and his wife. The torment continued in front of us as the demons came and cut his arms off, and the man fell in that burning mud. He wiggled from one place to another like a worm because of the pain of the mud that was burning all his flesh. His flesh dropped off of his bones because of the heat, and he then started to slither like a snake trying to get out of that place. However, every time he tried to go, the demons pushed him back and deeper inside that mud.

Dear friends who are listening these words right now, this testimony is not for condemnation but salvation, so you can test yourself and see the condition of your heart before the Lord. This is so that you can change your ways for salvation and not for condemnation. Right now, lift your heart before the Lord and confess your sins, so if the Lord would come in this moment you can go with Him instead of going to that place of torment where there is crying and gnashing of teeth.

There, you will really understand why Jesus paid that high price at Calvary's cross. We saw many people who were in the hell even ignorant of why they were there, because their lives were full of activities that they did not think were sins.

Dear friend, test yourself! Do not think that lying, stealing, being vain are okay things to do! All this is just sin before the eyes of the Lord! Turn away and stop doing these things dear brother! I give you this message so you can stop sinning willfully and look even more the face of the Lord.

Sixth Testimony

Psalms 62:12: "And Thee, O Lord, belongs covenant love, for Thou rewardest every man according to his work."

In that morning, when the Lord visited us in that room, He took us by the hand and we started to go down. My heart was totally full of fear. I cannot describe it with words; I just knew that I could not loosen the hand of my Savior. I felt that Jesus was my Life and my Light and that all my hope was just in Him; otherwise I would be left behind in that place.

I never thought that I would go once in my life to that place; first of all because I did not believe that such a place was real. I always thought, even as a Christian, that purgatory was hell, but God showed me the reality of hell. When we arrived in Hell, I felt that the place shook and that all the demons in that place ran and tried to hide because there was not one of them who could endure to be in the presence of the Lord.

We could hear that the captive souls who were there started to shout even louder, because all of them knew that Jesus of Nazareth was there. All of them knew that there was just one person who could possibly give them a chance to go out of that place. They had that hope, even if that hope was not truth.

We continued to walk with our hands in Jesus' hand, and we arrived to the section of fornication. There, Jesus turned to look at a woman who was totally covered with the fire. When Jesus saw her, she started to go out slowly from the fire, although her sufferings did not stop in any moment.

We could see that this woman was totally naked, and we could see each one of her physical characteristics. Her body was totally dirty and stinking, her hair was all messed up, and she had like a yellow-green mud on her. She had no eyes any more and, her lips were starting to fall in pieces. She had no ears left, just the holes, and with her hands that were already just black bones, she tried to take the flesh that was falling from her face and put it back, but this gave her even a worse pain. She then shouted and shook even more. Her shouts never ended. Her body was full of worms, and there was a serpent wrapped around in her arm that was very thick and had thorns around its body.

This woman had the number 666 engraved in her body; the number of the Beast that the book of Revelation talks about. She also had a metal plate embedded on her chest made with an unknown metal that never was consumed by the fire. There was something written in a strange language on that plate but we could understand what was written on it and it was, "I am here because of fornication."

When Jesus saw her, He asked her, "Elena, why are you in this place?"

When Elena was answering the Lord, her body twisted with the pain of her torments, saying that she was there because of fornication. She started to ask the Lord for forgiveness over and over again.

In a few moments we started to see the event of her death. When she died, she was having sexual relations with one of her lovers, because she thought that the person who she was living with had gone on a trip. However, he came back from his job and found her in bed with her lover. He then went to the kitchen and took a big dagger and stuck it in Elena's

back. She then died and was taken to Hell exactly the way she died, totally naked.

In Hell, everything materialized, and she still had that big dagger in her back causing her great pain. By this time, she had already been seven years in Hell, and she could remember each moment of her life and death. She also remembered the times someone tried to preach her about Jesus and that He was the only one who could save her, but now it was too late for her and for all the rest that were there in Hell.

The Word of the Lord talks very clear and very much about fornication. Fornication is having sexual relationships outside of being married. 1 Corinthians 6:13 *"Food is for the stomach and the stomach for food, but God will destroy both of them. The body is not for lust but for the Lord, and the Lord for the body"* and also we read in 1 Corinthians 6:18: *"Shun sexual immorality. All other sin a person commits outside the body, but the immoral person sins against his own body."*

When Jesus finished talking with this woman, we saw a big blanket of fire that covered her body and we could not see her anymore. We just heard the sound of her flesh as it was burning and her horrifying shouts that I will never be able to describe with words.

As we continued to walk with the Lord, He showed us all the people there: the idol worshipers, those that use and practice witchcraft, the immoral, adulterers, liars, and homosexuals. We were very scared to continue in that place, and the only thing we wanted to do is leave quickly from it. Nevertheless, Jesus kept saying to us that it was necessary for us to look at those things so we could tell the others and make them believe. Then we continued with Him taking a hold of his hand even tighter.

We came to another section that really made an impression on me a lot. We saw a young man there around 23 years old, and he was suspended waist-level in the middle of the fire. We could not see exactly what his torment was but we saw the number 666 engraved on him and also that metal plate on his chest that said, "I am here for being normal." This young man, when he saw Jesus, extended his hand towards Jesus begging for mercy. The Word of God says in Proverbs 14:12, *"There is a way that seems right to a person, but its end is the way of death."*

When we read in that plate, "I am here for being normal", then we asked the Lord, "Lord, how come!? Is this possible, that a person can come to this place for this reason?" Then Jesus saw this man and asked him, "Andrew, why are you here in this place?" He answered, "Jesus, when I was on Earth, I thought that only killing and stealing were sins, and that is why I never tried to get close to you." The Bible says in Psalms 9:17: *"The wicked shall be turned into Sheol, all the heathen that forget God."*

Andrew made a big error in classifying sins like many others do in these days. The Bible is very clear when it says that the payment of the sin is death, but the gift of God is eternal life. Further, when the Bible talks about sin, it never classifies sins because all of them are just sins. Andrew had the chance to know and accept Jesus, because he recognized that himself, but he did not take that opportunity that God had given to him. Maybe he had a

thousand opportunities to know the Lord, but he never wanted to know Him and that was the reason that he was in that place. With that thought, a big blanket of fire covered his body, and we never saw him again.

We continued walking with Jesus, and we saw in the distance something that was falling down like chunks of material, but when we got closer we noticed that those were people who were falling into Hell at that moment. People who died on the Earth without accepting Jesus Christ in their hearts were arriving in Hell.

We then saw a young man and also saw many demons that ran towards him with violence who began to destroy his body. Immediately, his body began to fill with worms. Meanwhile, this young man said, "No! What is this?? Stop! I don't want to be in this place! Stop it! This must be a dream! Take me out of this place!" He did not even know that he was dead and that he had died without Jesus in his heart and the demons were making fun of him and tormenting his body all the time.

Then the number 666 appeared in his forehead, and the metal plate on his chest. Even if we could not see the reason that this young man came to Hell, we knew one thing for sure, and that was that he would never go out again.

The Lord told us that the torments of all these people in Hell would be even stronger in the day of the Judgment. I think that if right now they suffer in a terribly and horrifying way, I cannot imagine how will they suffer after the day of the Judgment.

We didn't see any children in that place. We just saw thousands and thousands of young people, men and women of many nationalities. Nevertheless, in that place there are no more nationalities or social levels of any kind. All just come to be tormented and punished.

There was just one thing that everybody wanted, and that was a chance to go out, at least for a second, or have at least one drop of water to refresh their tongues like the story of the rich man in the Bible. But none of this was possible anymore because they choose where they wanted to spend their eternity and they decided to spend it without God.

God never sends anyone to the Hell, but everyone arrives there according to their own acts. The Book of Galatians 6:7 says: *"Make no mistake, God will not be mocked. What a person sows, that he will harvest as well."*

Today you have the great opportunity to change your eternal destiny. Jesus is still available now, and the Bible says that meanwhile we have life we have also hope, today you have the life, don't miss this opportunity, it can be the last one. God bless you.

Visit to Heaven (Finally!)

The Word of God says in 2 Corinthians 12:2: *"I know a man in Christ who 14 years ago—whether in the body or out of the body I do not know, God know—was caught up as*

far as the third heaven."

We were in the room, when we had the first experience. And the room started to fill again with a light from the presence of the Lord. It was powerful and lit up the entire room. The room was full of His glory, and it was just beautiful to be before Him. Jesus told to us, "My sons, now I will show you My Kingdom; we will go to my Glory."

Then we immediately took each others hands, and we started to be lifted up. I looked down, and I noticed that we were going out of our own bodies. As we left our bodies we were dressed with white robes, and we just started to go up to a very high speed.

We arrived in front of a pair of doors which was the entrance to the Kingdom of Heaven. All of us were just astonished at what was happening to us. Thankfully, Jesus the Son of God was there with us along with two angels, and each of them had four wings. The angels began to talk to us, but we did not understand what they were saying. Their language was very different from ours, neither was it like any other one spoken on the Earth. These angels were welcoming us and opened those immense doors.

We entered and we saw a wonderful place. We saw different things, and I remember that as soon as we came inside a perfect peace filled our hearts; the Bible tells us that God would give us a peace that overpasses all human understanding.

The first thing I saw was a deer and I asked one of my friends, "Sandra, are you looking the same thing that I am looking at?" She was not crying and shouting anymore as when we were in Hell. She was smiling and told me: "Yes Esau, I am looking at a deer!" With those words I could check and be assured that everything was real.

We were really in the Kingdom of Heaven, and all the horrors that we saw on Hell were forgotten immediately. We were in that place just enjoying the Glory of God. We entered and came to the place where that deer was. Behind that deer stood a tree and this tree was huge! It was in the center of that paradise.

The Bible tells us in Revelation 2:7, "*Whoever has an ear, let him hear what the Spirit says to the churches. I will grant the victor to eat from the tree of life that stands in the paradise of God.*"

This tree is a symbol of Jesus because Christ is Eternal Life. Behind that tree was a river of crystalline water that was so clear and beautiful like we never had seen before here on Earth. We just wanted to stay in that place. We said to the Lord many times, "Lord please! Do not take us out of this place! We want to be here forever! We don't want to go back to the Earth!" The Lord answered us, "It is necessary that you go back to give testimony of all the things that I have prepared for those who love Me, because I am coming back very soon and my reward is with Me."

When we saw that river, we hurried there and ran and got inside the river. We remembered the Scriptures that say that whoever believes in the Lord, from his belly shall run rivers of

living water. The water from this river seemed to have life in itself, so we just immersed ourselves in it. Inside the water and outside of it we could breath normally just the same.

That river was very deep and there were fish of many different colors swimming in it. The light inside the river and out of it was normal because we saw that in every part in Heaven light did not come from a specific source; everything was just brightly lit up. The Bible tells us that the Lord Jesus is the light of that city. While we took those fish in our hands and out of the water, we saw that they didn't die so we ran to the Lord and asked Him why. The Lord smiled and answered that in heaven there is no more death, no more crying, and no more pain.

We left the river and started to run to every place because we wanted to touch and experience everything. We wanted to bring everything back home because we were just amazed at the things that we saw in Heaven. They simply cannot be explained correctly with words. The Apostle Paul, when he was taken to Heaven, said he saw things that he never could explain with words, because the greatness of these things that are in the Kingdom of Heaven are things that have almost no way of describing them.

We then came to a very immense place, a very wonderful and beautiful place. This place was full of precious stones: gold, emeralds, rubies and diamonds. The floor was made of pure gold. We then went to a place where there three very big books. The first of them was a Bible made of gold. The word of God tells us in the book of Psalms that the Word of God is eternal and that the Word of God remains in Heaven forever. What we were looking at it was nothing more than a huge golden Bible; the pages, the scripture, everything was made of pure gold.

The second book that we saw was bigger than the Bible. This book was opened and an angel was sitting there writing with a pen inside that book. Together with the Lord Jesus we got closer to see what the angel was writing, and we saw that the angel was writing all of the things that were happening on the Earth. Everything that is done, including the date and the hour, everything is recorded there. This is done so the Word of the Lord can be fulfilled where it says that the Books were opened, and that the people on the Earth were judged according to their deeds that were written in those books. The angel was writing all the things that people were doing here on Earth, good or bad, as it is written.

We continued to the place where the third book was and it was even bigger than the last book! This book was closed, but we got closer to it and all seven of us together took the book down from its stand according to command of the Lord, and we rested the book on a pillar. The pillars or columns in heaven are so wonderful! They are not made like the ones on the Earth. These columns were like a braid and were made of different precious stones. Some were made of diamonds, others were made of pure emeralds, others were made of pure gold, and others were made of a combination of many different type of stones. At that moment, I really could understand that God is really the owner of all things. All gold and silver, He says, "*The gold is mine, and silver is mine.*" There I understood that God is absolutely rich and He owns all the riches in the world. I also understood there that the world and all its fullness belongs just to our God.

This book that we let stand on that column was so big that in order to change from one page to the other we had to walk with each page to the other side of the book. We tried to read what was in that book because the Lord asked us to read from it.

At the beginning, it was difficult to read because it was written in strange characters that we could not understand. It was different from any other language on the Earth; it was something totally heavenly. With the help of the Holy Spirit, we were given grace to understand. It was like a bandage was taken off our eyes and then we could understand what it was written as clear as we could understand like it was our own language. We could see that all seven of our names were written in that book. This book was nothing other than the Book of Life as the Lord told us.

We noted that those names written were not the names we used to be called on Earth; these names were new, so the Word of God can be fulfilled when it says that He would give us a new name that no one else knows but the person who receives it. We could also pronounce our names, but once the Lord brought us back to the Earth those names were taken from our memories and our hearts. The Word of God is eternal, and it has to be fulfilled.

My friends, the Bible says, "Don't let anyone take your crown, do not let anyone usurp or remove that place that the Father has already for you."

In Heaven, there are millions of things that are wonderful and that we just can not express with our mouths, but I want to tell you something, "God is waiting for you!" However, it is only he that perseveres until the end, who will be saved!

Second Testimony

When we started to go up to the Kingdom of Heaven, we came to a beautiful place where there were precious doors. There, in front of those doors were two angels. They started to talk, but their dialogue was angelical and we could not understand what they were saying, but the Holy Ghost gave us understanding. What they were doing was welcoming us. The Lord Jesus put His hands on the doors, then they opened. If Jesus were not with us, we would never have been able to come inside Heaven.

We began to appreciate everything that was in that place. We saw a huge tree that was there. The Bible describes this tree as the "Tree of Life." We went to a river, and we saw that inside that river there were a lot of fish. Everything was just so amazing that my friends and I decided to get inside the water, and we began to swim under that water.

We saw the fishes moving from one place to another, and they caressed our bodies. They did not swim away from us as normally happens on Earth; the presence of the Lord gave all this fish calm and trust to get close to us because they knew that we were not going to harm them.

I was so blessed and marveled that I took one of these fish in my hands and took it out of

the water. What was so amazing is that the fish was very quiet enjoying the presence of the Lord even in my hands.

I put the fish back into the water and I could see in the distance that there were also white horses in that place as it is written in the word of God in Revelation 19:11: *"Then I saw heaven open and a white horse appeared. Its rider is called Faithful and True; justly He Judges and wages war."*

Those horses were the horses that the Lord will use when He comes to the Earth to take His people, His church, with Him. I walked to the horses and began to caress them, and the Lord followed me. He allowed me to ride one of those horses, and when I started to ride that horse, I started to feel something that I had never felt before on Earth. I began to experience the peace, the freedom, the love, the holiness that a person can have in that beautiful place.

I started to enjoy everything that my eyes could see. I just wanted to enjoy everything in that beautiful paradise that the Lord has prepared for us. We also could see that wedding banquet table that is already served. It has no beginning and no end.

We saw the chairs that are prepared for us, and we also saw the crowns of eternal life that are ready to be taken by us. We also saw the delicious foods that are already set, for all of those who will be invited to the Wedding of the Lamb. Some angelical beings were there with some white cloth to prepare the cloaks that the Lord is preparing for us. I was amazed looking at all this things.

The Word of God tells us that we have to receive that Kingdom of God like little children. When we were in that place we were like children. We started to enjoy everything that was in that place; the flowers, the residences...the Lord allowed us to go inside those residences.

In that moment, God allowed us to come to a place where there were many children. The Lord was in the middle of them and He started to play with them. He made sure to spend enough time with each of them and He enjoyed being with them. We got close to the Lord and asked Him, "Lord, are these children the ones who are going to be born on Earth?"

The Lord answered, "No, these children are the ones who are aborted on the Earth." Upon hearing that, I shook because I felt something inside of me that made me shake. I immediately remembered something that I had done in my past when I did not know the Lord. At that time, I was sharing a relationship with a woman and she got pregnant. When she told me she was pregnant, I did not know what to do so I asked her for some time to make a decision. Time passed, and when I went to her to tell her the decision that I made it was already too late because she already had an abortion.

That marked my life. Even after I accepted the Lord in my heart, that abortion was something that I could not forgive myself of. But God would do something that day, He allowed me to enter that place and told me, "Ariel, do you see that girl that is there? That

girl is your daughter." When He told me that, and I began to see the girl, I felt how the wound that I had in my soul for such long time started to heal. The Lord allowed me to walk close to her and the girl got close to me. I could take her in my hands and saw her eyes, and I could hear from her lips one word, "Daddy." I understood and I felt that God had mercy on me and had forgiven me, but I had to learn to forgive myself.

Dear friend who reads this, I want to tell you one thing. God has already forgiven your sins, now you have to learn to forgive yourself.

I gave thanks to God for allowing me to share this testimony to each of you. "Lord Jesus Christ I give you the honor and glory!" because this testimony is of the Lord. The Lord allowed us to receive this revelation. I hope that each of one of our brothers who reads this testimony shall receive also the blessing of this testimony and take it to bless many other places. God bless you.

Third Testimony

"And the Lord shall remove all tear from the eyes of them, and there shall be no more death and no more crying nor clamour nor pain, because the first things passed."

When we arrived, these big doors were opened and I started to see a valley full of flowers. The flowers were beautiful and their smell was exquisite. We started to walk and experience a total freedom like we had never felt on the Earth. We felt a peace that filled our hearts, and while we looked at the flowers we noticed that they were unique; each petal was different, genuine, and had a unique color.

Inside my heart, I said to my Lord that I wanted to have a flower like one of these. The Lord gave an expression of agreement on his face, and I got close to the flower and began to pull it. Nothing happened, though, and I could not take the flower out from the ground. I couldn't even pull the petals or leaves off of the flower. Then the Lord broke the silence when he said, "Here everything must be done in love." He just touched the flower and the flower surrendered itself in the hand of the Lord. He then gave it to us. We continued walking, and the smell from the flowers was still with us.

We arrived at a place where there was a set of very beautiful doors. These doors were not simple; they were very ornate in their craftsmanship and had precious stones engraved on them. The doors opened, and we entered in a room where there were many people. Everybody was running to and fro making preparations. Some of them carried rolls of white shining cloth over their shoulders, others were carrying spindles of golden thread, and yet others were taking some kind of plates with something like shields inside them, but everyone was running with effort.

We asked the Lord why there was so much effort and hurry. The Lord bid a young man come close who had a roll of cloth on his shoulders. He came and looked at the Lord, reverently. When the Lord asked him why he was carrying that roll of cloth, he just looked at the Lord and said, "Lord you know what this cloth is for! This cloth is used to make the

robes of the redeemed, the robes for the great Bride." Upon hearing this, we felt a great joy and peace. Revelation 19:8 tells us: *"And it has been granted to her to be dressed in pure, resplendent linen. For the fine linen is the righteous deeds of the saints."*

When we came out of that place we felt even more peace, because it was beautiful to see that the Lord Himself was making something nice for us. He has the place and the time for you because you are important to Him.

When we came out of that place, our eyes got lost in everything we saw; each detail in Heaven. It's like each thing had life in itself, and every object there was giving glory to God.

We then came to a place where there were millions and millions of children, of all ages. When they saw the Lord, all of them wanted to hug Him to feel more His love because He was their passion. Jesus was the passion of each child that was in that place. We felt like crying after seeing how the Lord spoiled each of one of these children, how He kissed them and caressed their hands.

We saw how angels got close to the Lord and brought babies that were wrapped in linen to Him. The Lord caressed, touched, and gave them a kiss on their foreheads, and then the angels took them back with them. We asked the Lord why there were so many children there, if those children were going to be sent to the Earth. The Lord sounded touched for a moment, and he said, "No, these children will not be sent to the Earth! These are the ones that are being aborted on the Earth, whose parents don't want to have them. These are my children, and I love them."

I nodded my head, and even my voice trembled to ask the Lord such a question. When I didn't know the Lord or the true Life that He is, I made mistakes and sinned simply like the rest of the people. Among those sins I had an abortion, and there was a moment where I had to be face to face with the Lord and ask Him, "Lord, is the baby I aborted, long ago, here?" The Lord answered, "Yes."

I continued walking to one of the sides, and I saw a beautiful little boy and close to its feet stood an angel. The angel was looking at the Lord, and the boy was standing with his back facing us. In that moment, the Lord told me, "Look, there is your boy." I wanted to see him so I ran to him, but the angel simply stopped me with his hand. He showed me that I had to listen to the boy first, and then I started to hear what the little one was saying. He was talking as he was looking in the direction of the other children and asked to the angel, "Are my daddy and my mommy coming here soon?" The angel, looking at me, answered to him, "Yes, your daddy and your mommy are just about to come."

I do not know why I was given the privilege of hearing these words, but in my heart I just knew that these words were the best gift that the Lord could give to me. This little one was not talking with anger, or pain, maybe knowing that we did not let him be born. He simply was waiting with the love that God had placed in his heart.

We continued walking, but as we were getting further, I kept in my heart a little image of that boy, and I know that each day I have to make an effort to be able to be with him one day. I have one more reason to go there, because someone is already waiting for me in the Kingdom of Heaven. The Word of God tells us in Isaiah 65:19, *"I too will rejoice over Jerusalem and will delight in My people. No more will there be heard in her the voice of weeping or the voice of crying."*

We came to a place where there were some small mountains, and the Lord Jesus came dancing. In front of Him was a crowd of people dressed in white robes and they lifted their hands with green olive branches. When they waved the branches in the air, they released oil. God has great things prepared for you! Now is the time for you put your heart before Him. God bless you.

Fourth Testimony

In the Kingdom of Heaven, we saw wonderful things as it is written in the Word of God in 1 Corinthians 2:9, *"But as it is written, 'No eye has seen, no ear has heard, neither has the human heart thought of what God has prepared for those who love Him.'" When we arrived at the Kingdom of Heaven it was something so spectacular and wonderful, to see so many things; so many big things and to feel the glory of the Lord.*

When we got there, we saw that the place was so special, a place with a lot of children. We could say that there were millions of children in that place. We saw that there were children of different ages and heaven was divided into sections. We saw some kind of baby-house that sheltered kids of 2, 3 and 4 years of age.

We also noticed that the children in the kingdom of Heaven grow up and that there also was a school where the children are taught the Word of God. The teachers are the angels. They teach the children worship songs and how to glorify the Lord Jesus. When the Lord arrived there we could see the immense joy of our King. Even though we could not see His face, we could sense his smile that filled the entire place, and when He arrived all the children just ran to Him!

In the middle of all those children we could see Mary, the mother of the Lord Jesus Christ on Earth. She was a beautiful woman. We did not see her on a throne, and neither was anyone worshipping her. She was there as one of the other women in heaven. Just like all other people on Earth, she had to win her salvation. She had a white robe and a golden belt around her waist. She had her hair at the level of her waist.

We have listened to many people on the Earth as they worship Mary as the mother of Jesus, but I want to tell you that the Word of God says, *"I am the way, the truth, and the life, no one comes to the Father but by Me."* The only entrance to the Kingdom of Heaven is Jesus of Nazareth.

We also noted that in this place there was no Sun or Moon, and the Word of God tells us in Revelation 22:5, *"And night shall be no more; they will need neither lamplight nor"*

sunlight, for the Lord God will be their light, and they shall reign for ever and ever."

We could see the glory of God, and if we find it difficult to explain the horrors that we saw in hell, it is even more difficult to try to explain the celestial things we saw and the perfection of our Maker. When we were in that place, the only thing we wanted to do was run and run and see all the things that were there. We could lay down on the grass, and we could feel the glory of God. That soft whistle, that soft breeze that caressed our faces...it was something wonderful.

In the middle of the sky, we could see a huge cross made of pure gold, but we believe and are convinced that this was not a symbol of idolatry, but more like a symbol that through the death of Jesus in the cross, we have entrance to the Kingdom of Heaven.

We continued walking in heaven, and it was just something fascinating walking with the Lord Jesus Christ. There we could know for sure who is the God that we are serving... Jesus of Nazareth. All of us sometimes think that up there is a God who is just waiting for us to commit a sin so he can punish us and then send us to hell, but that is not reality. We could see the other face of Jesus, the Jesus that is a friend, a Jesus that cries when you cry. Jesus is a God of love, compassion and mercy; that Jesus takes us in His hands to help us to continue in the way to the salvation.

The Lord Jesus also allowed us to meet a person from the Bible. We could meet King David, the King David that the Word of God talks about. He was a good looking man. He was tall and his face reflected the Glory of God. The whole time that we were there in the Kingdom of Heaven, the only thing that King David did was dance, dance, dance, and give all the glory and the honor to God. I want to tell you today who are reading this testimony the Word of God tells us in Revelations 21:27 : *"But nothing unclean nor anyone practicing immorality and falsehood shall ever enter it, but only those whose names have been recorded in the Lamb's Book of Life."*

And I also want to tell you that only the brave ones take hold of the Kingdom of Heaven. God Bless you.

Fifth Testimony

2 Corinthians 5:10: *"For we must all appear before the tribunal of Christ, so that each may receive as his due what he practiced while in the body, whether good or bad."*

When we were there in the Kingdom of Heaven, we could see that New Jerusalem which the Bible tells us about in John 14:2: *"In My Father's house are many dwelling places. If this were not so, I would have told you. For I am going away to prepare a place for you."*

We could see that city and enter it; it is a real and wonderful city! Jesus went there to prepare those residences for us. We were there to enter that city and we could see that each of the residences or houses had a name written in front of the house, the name that belongs to the owner of that house.

This city is not yet inhabited, but it is already ready for us. We could go inside the houses and see all the things inside them, but when we went out of the city we forgot the things we saw. These things were taken away from our memories. However, we can remember that the columns of these houses are plated with precious metals and have many different types of precious stones encrusted in them. They also have pure gold in them. The gold of this city is like the one that the Bible describes; it is almost transparent. It is so shiny, the gold that we have seen on Earth cannot be compared in luster and beauty to the gold that is in Heaven.

After this, we were taken to a place where there were tons of containers. Inside those containers were crystallized tears. Those were the tears that the sons of God shed on the Earth. But they were not tears of complaints, but tears that people shed when they are in the presence of God, tears of repentance, tears of gratitude. God keeps those tears as a precious treasure in Heaven, just like it is mentioned in Psalms 56:8, *"Thou takest note of my roaming; and put my tears into Thy bottle; are they not in Thy book?"*

We also came to a place where there were many, many angels. Although in all of Heaven we could see many different types of angels, this place had just one special type. We saw that Jesus has a specific angel for each person. He also showed us that this angel will be close to us during our entire existence. He introduced to us the angels that each of us has, and we saw their characteristics, but God told us that we are not allowed to reveal these things to others. We read in Psalms 91:11, *"For He gives His angels orders regarding you, to protect you wherever you go."*

We then came to another place where there were a lot of lockers; within those lockers were many different flowers. There were some flowers that were open and beautiful. They were radiant. There were other flowers that were kind of droopy. Meanwhile, others seem to be shriveled. We then asked Jesus what the meaning of all those flowers was?

He answered us by saying, "It is because the life of each of you is like one of these flowers." He took one of those flowers that was radiant and said, "This flower shows the condition of the communion that you have with Me." He left the flower there and took another one that was droopy and told me, "Look, this person is down because he is having a trial, or a difficulty. There is something in this life that is interrupting this person's communion with Me. Do you know what I do with these flowers when they are down in order to make them brilliant and healthy again?" He then took the flower in His hand and said, "I shed my tears over them, and I raise them up." We saw how in a powerful way this flower began to have life again, and raise up, and its colors began to appear again.

After He took one of the shriveled ones and He threw it to the fire, He said, "Look, this person had known me and walked away from Me. Now he dies without me and it is thrown to the fire."

When we went out of that place, we could see that there was a beautiful castle. We saw that castle very far in the distance, and we noticed something in particular. Nobody dared to get close to that castle, and we believe that is what the Scriptures talk about in

Revelation 22:1, *"He then showed me the river of the water of life, as clear as crystal, flowing forth from the throne of God and of the Lamb."* We believe that the castle probably is located where the presence and throne of God is.

While we had this experience in the Kingdom of Heaven, we had so much joy in our hearts, we had such a peace that passes all understanding. We understood as it is written in 1 Peter 1:4, *"To an inheritance imperishable, unsullied, and unfading that is kept safely in heaven for you."*

Sixth Testimony

Luke 22:30: *"That you may eat and drink at My table in My kingdom, and you will be seated on thrones judging the 12 tribes of Israel."*

In that marvelous place, God allowed us to see the most beautiful reception hall that we never thought could exist in any part of the universe. In that place, we saw a giant throne with two chairs of pure gold and precious stones that do not exist in any place of our planet. In front of that giant throne was a table that had no end. On the table was a white tablecloth. It was so white that we couldn't compare it to anything on Earth.

All manner of exquisite and refined food was set on the table. We saw grapes the size of an orange. And the Lord Jesus Christ let us taste some of those grapes. Today we still can remember their taste! It is something so wonderful! My brother and friend, you cannot imagine all the things that are ready in the Kingdom of Heaven and what God has already prepared for you.

Also, on that table, God allowed us to see the bread, the "Manna." This was the bread of God that the Scriptures tells us about. We could also enjoy tasting it, and we also we enjoyed many wonderful things that don't even exist in our planet. These things are waiting for us as our incorruptible inheritance in the Kingdom of Heaven. We will enjoy some amazingly exquisite and delicious foods when we inherit the kingdom of heaven.

Something that also amazed us were the chairs that were set to both sides of the table. These beautiful chairs had names written on each one. We could read clearly our names on those chairs, but our names were not the same that we have here on Earth. They were the new names that nobody else knew but ourselves. Something that surprised us also is what is written in the Word of God, "Do not rejoice that the demons submit to you, rejoice because your names are written in the Book of Life, that are written in the Heaven." There were a lot of chairs! There is enough space for all of those who want to come to the Kingdom of Heaven.

There were also chairs that were taken away from the table. That means that there are men and women who got tired of serving God, and their names were erased from the Book of Life, and they are set away from the Wedding Supper of the Lamb.

God also allowed us to see men from the Bible, the wonderful characters that we read

from the Scriptures. One of those characters who surprised us was Abraham. Abraham was an elder, but not in his body or his appearance. He was an elder by the wisdom that he had.

Abraham's hair was totally white, but each hair was like glass filaments or diamond filaments. What surprised us the most was that he was even younger than we are. In Heaven, all of us will rejuvenate and be young. We were also surprised by his words. Abraham told us something that we will never forget. He welcomed us to the Kingdom of Heaven, and he also told us that soon we would be in that place—because the coming of the Lord Jesus Christ approaches the Earth quickly.
