Christmas miracles...waiting to happen!

Dear Friend,

Christmas greetings to you!
As you prepare to celebrate our dear Savior's birth, I'd like to ask you to consider sharing His love by making a miracle happen today.

You see, in villages around the world, there are children who are sick because they don't have access to clean drinking water. There are fathers who sacrifice to idols because they've never heard about Jesus but they're des-

perate to find healing for their sick children.
The hope that Christ brought when He was born in the manger 2,000 years ago hasn't reached their hearts yet.

You can give them a miracle this Christmas season.

children & families

Give justice to the weak and the fatherless; maintain the right of the afflicted and the destitute.

—Psalm 82:3

Break poverty by providing an education for a child

Mary's parents are very poor subsistence farmers who can barely provide her with shelter and food, much less pay for a uniform, supplies and school fees so she can get an education. She doesn't know it yet, but going to school is one of the only ways to break the cycle of poverty that traps her family—and her future. **Help end poverty for one family.**

Give a child a safe and loving family

Most children in orphanages are not orphans. One or both of their parents are still living, but they were placed in an institution due to extreme poverty. Orphanages, it's been proven, don't provide the same love and care as a safe, nurturing family, and can cause deep emotional and developmental problems for children. Many are abused. **You can change that for one child.**

persecution & slavery

Encourage the efforts of persecuted believers

Every day, countless Christian men, women and children suffer persecution—sometimes to the point of death—simply for following Jesus. Nora is a young Pakistani constantly under threat from both Taliban radicals and local police. Her only crime is telling her fellow countrymen of the beautiful hope she has found in Jesus. Nora knows her life and freedom are at risk, but she cares more about the fledgling believers and small house churches she is helping to establish. **You can help ensure her powerful message and underground church network continued to spread.**

The girls in this photo are beggars from a slum in Yangon, Myanmar. Poverty has cursed their childhood to be one of exploitation. Kids like them don't get to school, and they are often rented to dock workers and other local men each day for sex. That's because everyone living in the slums, even children, must earn money wherever they can to support their families. But only the pimps are getting rich. But this is changing. Outreach centers within the slum communities of Yangon are helping kids go to school, learn skills, play like children should, and, most importantly, learn about how much Jesus loves them. **You can help protect and transform the life of a child in those slums.**

evangelism & discipleship

How beautiful are the feet of messengers
who bring good news! —Romans 10:15

Send a missionary to bring the gospel to his own people

Deep behind the lines of the enemy, *Heaven's Family*-supported national missionaries are beating back the darkness with the light of Jesus, bringing the hope of the gospel to their fellow citizens. Luis, from Cuba, is one such missionary. Local restrictions on evangelism still exist in that communist nation. Despite these roadblocks, he and others like him are leading many to Christ. You can help send national missionaries like Luis to fulfill their critical mission.

Make disciples who make disciples

True discipleship—the making of disciples who make more disciples—is desperately needed to effectively reach our world with the gospel. In Nepal, one of the fastest-growing Christian movement regions in Asia, disciple makers face the headwinds of persecution, poverty, and low rates of literacy and education. But our long-time *Heaven's Family* partner and his team are undaunted. To effectively reach his nation, his team needs resource packs containing tracts, discipleship books, and Nepali New Testaments. You can help them multiply true disciples of Jesus Christ.

\$50 *provides 25 discipleship
packs for Nepal*

You can help

- ☐ 25 packs for \$50
- ☐ 50 packs for \$100
- ☐ 100 packs for \$200

All Scripture is breathed out by God and profitable for teaching, for reproof, for correction, and for training in righteousness... —2 Tim 3:16-17

Give the Word of God to those seeking Him

bibles & the unreached

Reach the unreached

Will she ever hear the name of Jesus, or learn how much He loves her? In many parts of the world the answer is NO. Few missionaries dare to take up the difficult—and sometimes dangerous—challenge to cross the cultural and language divides necessary. But when they do, they often find that God is already at work, preparing them to hear the gospel and softening hearts. China hosts a large number of people groups who have never heard—but that's changing. You can help disciple new converts, strategically laying the foundation for entire people groups—including this little girl—to hear of God's love for them for the first time.

Imagine being hungry to know God but not having a Bible. This is a reality for the Chinese house church, many of whom are experiencing a new wave of persecution. An urgent request for Bibles was sent to *Heaven's Family* through our China partners. The logistics are already in place to ensure delivery. You can help satisfy the need for our Chinese brothers and sisters to receive God's Word.

self-sufficiency for the poor

Whoever is kind to the poor lends to the Lord, and He will reward them for what they have done —Proverbs 14:31

Teach a poor farmer how to prosper

Give opportunity to a poor entrepreneur

Many of the world's poor lack the opportunity to succeed. They know all about hard work, but need to learn sound, biblical business principles and borrow capital. When provided with each of these ingredients many entrepreneurs rise up and break the chains of poverty and can start meeting the needs of his or her family. A budding entrepreneur is waiting for your help in Kenya, Uganda, Zambia, North Africa, or Southeast Asia. You can sustain a family through a low-interest microloan, and that blessing will continue to cycle through that community for years to come!

Most of Africa's subsistence farmers cannot grow enough to feed their families until the next harvest, which means hunger and sometimes death. With proper training and mutual support, Farming God's Way farmers receive bountiful harvests 10 times previously and more. And they are also being discipled as followers of Christ. You can transform poor farmers into prosperous disciples!

The LORD is near to the brokenhearted and saves the crushed in spirit. —Psalm 34:18

victims of violence & neglect

Help heal the brokenhearted

After being raped this girl from DR Congo did not speak for *months*. Her assailant had to pay two goats or two crates of water to avoid being jailed, but she pays for his actions to this day. Though her silence has broken and her lips will sometimes curve into a shy smile, she is often lost in daydreams. To be sexually victimized is traumatic at any age, but when it occurs during the vulnerable formative years, the damage goes especially deep. By teaching a victim how to sew and providing her with a sewing machine, you can help bring healing from the painful scars of sexual violence.

\$250 provides a sewing machine to a rape victim so she can support herself and regain dignity

You can help

- ☐ ONE sewing machine for \$250

Help a widow become self-sufficient

Africa contains some of the least developed countries in the world. In these areas there are commonly low levels of access to safe drinking water, sanitation and hygiene; low education levels; and widespread poverty. Women are further impoverished, especially widows, because many cultural traditions rob them of worth and respect—even land and home—leaving them and their children destitute after a father dies. You can help one of these women by providing the means to start her own small business.

\$50 helps pay a portion of the \$300 for a widow to start a new business

Help a boy walk for the first time

Richard was found splashing around a community pit latrine, unable to walk. His grandmother attempted to care for him after he had been orphaned at age 3, but his disability proved too much for her. Thankfully, a *Heaven's Family* partner took him in. After assessing his inability to walk, he received surgery and physical therapy. Richard now is learning to walk, goes to school, and is blossoming into a vibrant child for the first time in his life. **You can help a disabled child like Richard receive the therapy, education, and the compassionate care they need to walk.**

16

Natural disasters impact nations or just one village. Large disasters get media attention and large donations, but small disasters in unheard-of corners of the world often go unnoticed, leaving many to suffer without relief. You can touch lives that no one else is reaching, such as this woman in a small northern village of Laos who lost her harvest due to flooding, bringing joy, hope, and the powerful, transforming witness of God's love where there was despair. You can help provide readiness for the next disaster to strike.

Ester Gomani, age 7, lives in southern Malawi. She walks 2 or 3 hours to fetch water each day, causing her to miss school. And because of her small size, she often gets pushed around and forced to the back of the line by bigger girls who want to draw water first, causing Ester to wait even longer. And all that effort for water that might make her sick when she drinks it. Give **opportunity** to the outcast

Leprosy. That word once struck fear in the hearts of people around the world. But contrary to popular opinion, leprosy still exists in many parts of the world—and it still brings fear. And ostracism. So when children in India like Mercy and Lara Prais are born to leprosy-affected families, they are treated as outcasts. That makes getting an education—and escaping the generational poverty leprosy creates—very difficult. You can sponsor a healthy child born to parents with leprosy for less than a dollar a day.

Help a chaplain reach those forgotten in prison

Burundi was in the throes of civil war from 1993 to 2005, resulting in the deaths of over 300,000 people—including the father of Jean Bosco Manihankuye. Jean was just 7 years old at the time. Since then he has dedicated himself to restoring the lives of prisoners in Burundi. So he started Barnabas Africa Prison Ministries, and after 10 years of earnest labor, he has 12 chaplains who work with him in several of the African nation's prisons, along with many volunteers from local churches. You can bring the transforming power of Jesus Christ into prisons by sponsoring a dedicated chaplain.
